HSBC Life and Critical Illness and HSBC Life and Critical Illness Plus

Please read the information in this Policy Summary carefully.

This is a summary of the HSBC Life and Critical Illness policies and does not contain the full Policy Conditions. The full conditions, including exclusions and defined terms, can be found in the HSBC Life and Critical Illness and HSBC Life and Critical Illness Plus Policy Booklet.

Please ensure you keep this summary safe for future reference.

Once you take out your policy, we'll send you a Policy Schedule. This shows the name of the policy chosen and any optional features you have added. You must read the Policy Schedule carefully. Some features are only included if you've selected them. If you think something is missing, please let us know.

The product provider is HSBC Life (UK) Limited.

What is HSBC Life and Critical Illness / HSBC Life and Critical Illness plus?

Our Life and Critical Illness policies pay out a lump sum if you:

- ◆ die;
- ◆ suffer a critical Illness, or
- ◆ undergo a surgical procedure covered

before the policy end date.

You have a choice of **two different policies**, each providing a different range of features depending on your needs:

- ◆ **HSBC Life and Critical Illness; or**
- ◆ **HSBC Life and Critical Illness plus**

Details of the differences between the two policies can be found in the following sections of this summary:

- ◆ What benefits does HSBC Life and Critical Illness / HSBC Life Critical Illness Plus include?
- ◆ What illnesses and surgical procedures are covered under HSBC Life and Critical Illness and HSBC Life and Critical Illness plus?

You can take out a policy to cover one person **(single life)** or two people **(joint life)**

In the event of death, and for some of the critical illness conditions we cover, if we accept a claim we'll pay out the full benefit amount. We'll only pay out a full benefit payment once on a first event basis, so once it's paid, the policy will end.

For other conditions we may pay an additional lump sum, which does not affect the sum assured for the policy.

Full payment conditions	Additional payment conditions
If a claim is made during the term of the policy, we will pay the full sum assured.	If a claim is made during the term of the policy, we will pay an additional payment, either an amount or percentage of the sum assured whichever is lower.
The policy will end and premiums will stop being collected.	Your policy will continue and premiums will still be collected.
	Payment of this does not affect the sum assured however, a claim can't be made again for the same condition.

These policies have no cash in value at any time

- ◆ When your policy reaches the chosen end date, your cover stops and no further premium will be taken
- ◆ If no claim is made before the policy ends, no benefit will be payable and we will not refund any premiums you have paid.

Can I apply for cover?

You can apply if:

- ◆ You're aged **between 17 and 69**; and;
- ◆ You've been resident in the UK for the past six months and intend to remain a resident. (The UK **does not include the Channel Islands and Isle of Man**).

For a joint life policy, this applies to both of you.

How long can the policy run for?

You can choose the number of years the policy runs for, subject to the below limitations.

As long as you continue to pay the premium the policy will remain in force until the end date, unless you inform us you wish to cancel it.

Minimum Length of Policy	Your Policy must end before age
5 Years	80

You should always review your cover periodically to ensure it remains adequate to meet your needs.

How much cover can I choose?

Subject to the maximum sum assured limits detailed below and meeting the application criteria, you can decide the amount of cover you would like.

Maximum sum assured

Age Attained	Maximum Sum Assured
17 to 30	£500,000
31 to 35	£500,000
36 to 40	£500,000
41 to 45	£400,000
46 to 50	£300,000
51 to 55	£150,000
56 to 60	£150,000
61 to 65	£75,000
66 to 69	£50,000

Sum assured levels above the maximum detailed above may be available via your financial adviser and are dependent on additional medical screening checks.

If you have existing HSBC Life and Critical Illness policies, the amount of cover you can choose is the maximum sum assured limit detailed above, minus the total sums assured of all your other HSBC Life and Critical Illness policies at the time of your application. If you are unsure of your current total Sums Assured, please contact the Customer Service Centre.

What type of cover can I choose?

There are three types of cover you can choose from:

Type of Cover	What this means
Level Cover	The amount of cover you choose and the premium paid stays the same until the policy ends
Decreasing Cover	Your policy will start with the amount of cover you choose when you apply. It decreases each month but the premium stays the same. It's designed to decrease in line with an outstanding mortgage or loan (calculated at a mortgage interest rate of 8%)
Increasing Cover	Your policy will start with the amount of cover you choose when you apply. This, and the premium increases each year and helps against the effects of inflation

How do I pay for the cover?

You must pay your Premiums **monthly**, by **direct debit**. Premiums remain the same throughout the term of the policy (unless you choose Increasing Cover).

The policy will remain in force until the chosen end date unless you inform us you wish to cancel it.

If no premium is received in the 60 days after the policy commencement date or if you stop paying premiums for longer than 60 days, the policy will automatically end without value, and no benefits will be paid.

There is maximum overall limit of £200,000 for all increases.</p> <p>Full details can be found in your Policy Booklet.</p>

Separation Benefit
<p>If you have a joint policy and you and the other person split up, we can split the policy into two single policies without the need for further medical underwriting.</p> <p>Full details can be found in your Policy Booklet.</p>

Why might my policy not pay out?

There are certain reasons your policy may not pay out in full or at all. The main reasons you need to be aware of are listed below.

Full details can be found in your policy booklet under conditions 2, 6 and 8.

General Exclusions

There are some exclusions that you need to be aware of where we won't pay a claim

- ◆ If we find out the information you gave us when you took out your policy or any other information given was incomplete, untrue or inaccurate
- ◆ If you don't tell us about any changes before your policy starts regarding:
 - Health
 - Family History
 - Lifestyle (including smoking habits)
 - Occupation and Pastimes
- ◆ If you die within the first 12 months of the policy start date and it is due to intentional self-inflicted injuries including taking your own life
- ◆ If you do not survive for 10 days from the date of diagnosis of one of the illnesses or surgical procedures
- ◆ If the claim is linked to a medical condition that we expect you knew about on or before the start date of the free cover.
- ◆ For Children's hospital benefit a claim will not be paid if the stay in hospital is due to the child being born before the 37th week of pregnancy
- ◆ For Children's hospital benefit a claim will not be paid if a claim is made under Child Critical Illness benefit
- ◆ For Hospitalisation benefit a claim will not be paid if the accident is caused by your inappropriate use of alcohol or drugs

General Limitations

There are some limitations on the policy that you need to be aware of or where the policy may not pay out in full or at all

- ◆ If you have more than one HSBC Life and Critical Illness policy and the total cover exceeds the maximum sum assured levels detailed above then we may not pay all of the sum assured
- ◆ For some illnesses, the cover may be limited
- ◆ Some benefits have a limit to the amount we pay out
- ◆ Some types of cancers are not covered
- ◆ For some illnesses certain requirements have to be met such as having permanent or persistent symptoms

Children's Cover Exclusions and Limitations

- ◆ No claim can be made under the Children's Critical Illness benefit where the child's critical illness is wholly, partly, directly or indirectly due to a medical condition that the child was already suffering from (whether there were any symptoms or not) before:
 - the policy start date; or
 - the date of the reinstatement of the policy; or
 - the date of the child's legal adoption
- ◆ To make a claim for one of the Children's Critical Illnesses the policy must have been in place for at least 9 months before the child was born
- ◆ No claim will be paid for Bereavement Assistance or Child Critical Illness where either the:
 - Child dies; when the child is under 30 days or over age 21 (or before birth or over age 23 for HSBC Life and Critical Illness Plus policyholders) or
 - Date of diagnosis of an illness or surgical procedure takes place, when the child is under 30 days or over age 21 (or before birth or over age 23 for HSBC Life and Critical Illness Plus policyholders)
- ◆ No claim can be made for the child for Total Permanent Disability
